

CAMPAIGN TO BE WAGED FOR VOTES IN DISTRICT

Representation in Both House and Senate Also Sought.

Congress will be urged at the next session to grant full suffrage to District voters and representation in both chambers, according to a call for a meeting of the Chamber of Commerce Suffrage Committee for next Tuesday afternoon.

Albert Schulteis, chairman of the suffrage committee, has issued the announcement of the meeting and plans will be completed for a campaign to bring about the enfranchisement of local residents. A bill granting this right was presented in the last Congress but no action was secured because of the stress of appropriation and special legislation measures presented by the President. Senator Fugate will press for action at the short session and the committee is confident that members in both the lower and upper branches of Congress are sufficiently interested to secure the passage of the bill.

President P. T. Moran of the Chamber of Commerce has received scores of

letters commending the work of the organization for the movement to have the new \$1,000,000 armor plate plant located in the District. Secretary Grant yesterday prepared the list of supplementary locations in the District for the new industry and this brief will be submitted to Secretary Daniels and the general board of the navy today.
